\item[\textsuperscript{6}] [AU propose: Nothing in this paragraph shall be construed to prevent a Party applying economic needs tests in a manner which accords national treatment to professional services and service suppliers of any other Party within the meaning of Article I:4.]
\end{itemize}

[AU/TR/US propose: Legal Services
10. The Parties recognise that transnational legal services that cover the laws of multiple jurisdictions play an essential role in facilitating trade and investment and in promoting economic growth and business confidence.

11. If a Party regulates or seeks to regulate foreign lawyers and transnational legal practice, the Party shall encourage its relevant bodies to consider, subject to its laws and regulations, whether or in what manner:

(a) foreign lawyers may practise foreign law on the basis of their right to practise that law in their home jurisdiction;

(b) foreign lawyers may prepare for and appear in commercial arbitration, conciliation and mediation proceedings;

(c) local ethical, conduct and disciplinary standards are applied to foreign lawyers in a manner that is no more burdensome for foreign lawyers than the requirements imposed on domestic (host-country) lawyers;
(d) alternatives for minimum residency requirements are provided for foreign lawyers, such as requirements that foreign lawyers disclose to clients their status as a foreign lawyer, or maintain professional indemnity insurance or alternatively disclose to clients that they lack that insurance;

[TR considering: (e) the following modes of providing transnational legal services are accommodated:

(i) on a temporary fly-in, fly-out basis⁷,⁸;
(ii) through the use of web-based or telecommunications technology;
(iii) by establishing a commercial presence; and
(iv) through a combination of fly-in, fly-out and one or both of the other modes listed in subparagraphs (ii) and (iii); and

(f) foreign lawyers and domestic (host-country) lawyers may work together in the delivery of fully integrated transnational legal services.]]

---

⁷ [AU propose: Fly-in, fly-out or temporary practice refers to an approach, either through explicit regulation or otherwise, that allows foreign lawyers to enter and provide legal services on foreign law and/or international law on a temporary basis without requiring the service supplier to establish or maintain a commercial presence, or to be resident [or domiciled] in its territory, or to gain admission or otherwise qualify as a local practitioner, or to register in the Party.]

⁸ [AU propose: Each Party will endeavour to schedule any arrangements for fly-in fly-out or temporary practice in its Schedule of Commitments.]
Part II - Trade in Professional Services

12. Encouraging Recognition
   a) Each Party shall consult with relevant bodies in its territory (“its relevant bodies”) to seek to identify professional services sectors or sub-sectors where two or more Parties are mutually interested in establishing dialogue on issues related to recognition of professional qualifications, licensing and/or registration.
   b) Each Party shall encourage its relevant bodies to establish dialogues with the relevant bodies of other Parties, with a view to recognising professional qualifications, and facilitating licensing and/or registration procedures.
   c) Each Party shall encourage its relevant bodies to take into account existing agreements relating to professional services in the development of agreements on recognition of professional qualifications, licensing and registration.
   d) Each Party may encourage its relevant bodies, where feasible, to consider taking steps to implement a temporary or limited licensing regime, such as project specific licensing or registration, based on the foreign supplier’s home license or recognised professional body membership (without the need for further examination). Such a temporary or limited licensing regime should not operate to prevent a foreign supplier from gaining a local license subsequent to satisfying the necessary local licensing requirements.

13. Working Party on Professional Services
   a) The Parties shall endeavour to facilitate trade in professional services, including through the establishment of a Working Party on Professional Services, comprising representatives of each Party.
   b) Each Party of the Working Party shall liaise as appropriate to support its relevant professional bodies and regulators in pursuing recognition pursuant to Article I-6 (Recognition) and paragraph 9 (Encouraging Recognition). Such support could include, but is not limited to, providing relevant points of contact, facilitating
meetings, and providing information regarding the regulation of professional services within each Party’s respective territory.

e) The Working Party shall meet annually, or as agreed by the Parties, to discuss progress towards the objectives in Article I-6 Recognition and paragraph 9. For a meeting to be held, at least two Parties must participate. It is not necessary for representatives of all Parties to participate in order to hold a meeting of the Working Party.

d) Decisions of the Working Party shall have effect only in relation to those Parties that participated in the meeting at which the decision was taken, unless:
   i. otherwise agreed by all Parties; or
   ii. a Party that did not participate in the meeting requests to be covered by the decision and all Parties originally covered by the decision agree.

[PK to indicate its position on paragraph 11 and 12 with respect to the scope.]

Paragraph 12 will need to be considered in relation to horizontal discussions on institutional arrangements.

TR proposes to work on a language for designation of inquiry points in each TiSA Party that will provide information on request of service suppliers of other Parties on areas including licensing and qualification requirements, the competent authority regarding standard, procedures to obtain or renew any licence or qualification requirements in professional services.
