Example: In the United States, a collective investment scheme means [an investment company registered with the Securities and Exchange Commission under the Investment Company Act of 1940. Custodial services are included in the scope of the specific commitment made by the United States under this annex only with respect to investments for which the primary market is outside the territory of the Party.

US Proposes revising subparagraph (viii) to read as follows:

For the purposes of this subparagraph, "electronic payment services for payment card transactions":
- (A) does not include the transfer of funds to and from transactors' accounts; and
 - (B) includes only those payment network services that use proprietary networks to process payment transactions.]

{FN4 unchanged: For greater certainty, the electronic payment services for payment card transactions referred to in this commitment fall within subparagraph (viii) of the definition of "financial service" in Article 2, and within subcategory 71593 of the United Nations Central Product Classification, Version 2.0, and include only the processing of financial transactions such as verification of financial balances, authorization of transactions, notification of banks (or credit card issuers) of individual transactions and provision of daily summaries and instructions regarding the net financial position of relevant institutions for authorized transactions.}

US proposes capturing Party-specific practices with respect to subparagraphs (vi), (vii), and (viii) in an annex as follows:

Article X.20: Expedited Availability of Insurance

The Parties recognize the importance of maintaining and developing regulatory procedures to expedite the offering of insurance services by licensed suppliers. These procedures may include allowing introduction of products unless those products are disapproved within a reasonable time; not requiring product approval or authorization for insurance other than insurance sold to individuals or compulsory insurance; or not imposing limitations on the number or frequency of product introductions. If a Party maintains regulatory product approval procedures related to the offering of products within the scope of an insurance licence, the Party shall endeavour to maintain or improve these existing procedures.]

[CA/EU/US propose; CO/CRIJP/PK oppose: Article X.21: Supply of Insurance by Postal Insurance Entities

1. The disciplines set out in this section apply where a Party allows its postal insurance entity to underwrite and supply direct insurance services to the general public. The services covered by this paragraph do not include the supply of insurance related to the collection, transport and delivery of letters or packages by a Party's postal insurance entity.
2. No Party shall [**KR propose; CA oppose:** to the extent possible] adopt or maintain a measure that creates conditions of competition that are more favourable to a postal insurance entity with respect to the supply of insurance services described in paragraph 1 as compared to a private supplier of like insurance services in its market, including by:
 - (a) imposing more onerous conditions on a private supplier's license to supply insurance services than the conditions the Party imposes on a postal insurance entity to supply like services; or
 - (b) making a distribution channel for the sale of insurance services available to a postal insurance entity under terms and conditions more favourable than those it applies to private suppliers of like services.
3. With respect to the supply of insurance services described in paragraph I by a postal insurance entity, a Party shall apply the same [**KR propose; CA oppose:** level of]

regulations and enforcement activities as apply to the supply of like insurance services by private suppliers.

4. In implementing its obligations under paragraph 3, a Party shall require a postal insurance entity that supplies insurance services described in paragraph 1 to publish an annual financial statement with respect to the supply of such services. [**KR oppose**: The statement shall provide the level of detail and meet the auditing standards required under the generally accepted accounting and auditing principles, or equivalent rules, applied in the Party's territory with respect to publicly traded private enterprises supplying like services.]
5. [**EU/KR oppose**: If a Panel under [Dispute Settlement] finds that a Party is maintaining a measure inconsistent with any of the commitments in paragraphs 2 through 4, the Party shall notify the complaining Party or Parties and provide an opportunity for consultations prior to allowing the postal insurance entity to:
 - (a) issue a new insurance product, or modify an existing product in a manner equivalent to the creation of a new product, in competition with like insurance products supplied by a private supplier in the Party's market; or
 - (b) increase any limitation on the value of insurance, either in total or with regard to any type of insurance product, that the entity may sell to a single policyholder.]
6. This section does not apply to a postal insurance entity in the territory of a Party:
 - (a) that the Party neither owns nor controls, directly or indirectly, as long as the Party does not maintain any advantage that modifies the conditions of competition in favour of the postal insurance entity in the supply of insurance services as compared to a private supplier of like insurance services in its market; or
 - (b) if neither the sale of direct life nor non-life insurance underwritten by the postal insurance entity accounts for more than ten percent of total annual premium income in the relevant segment of the Party's market as of [DATE CERTAIN].
7. If a postal insurance entity in the territory of a Party exceeds the percentage threshold referred to in paragraph 6(b) after the date the Party signs the Agreement, the Party shall [**KR propose**; **CA oppose**: to the extent practicable,] ensure that the postal insurance entity is:
 - (a) regulated by and subject to the enforcement of the same authorities that regulate and conduct enforcement activities with respect to the supply of insurance services by private suppliers; and
 - (b) subject to the financial reporting requirements applying to financial services suppliers supplying insurance services.

8. For purposes of this section, postal insurance entity means an entity that underwrites and sells insurance to the general public and is owned or controlled, directly or indirectly, by a postal entity of the Party.]

[EU/US propose; CO/JP/KR oppose: Article X.22: Supply of Insurance by Cooperatives

1. To the extent practicable, a Party should apply the same rules and enforcement activities to insurance services supplied by cooperatives that it applies to like services supplied by other private insurers in the Party's territory. To this end, insurance services supplied by cooperatives should be regulated by the same authorities that regulate other private suppliers of like insurance services in the Party's territory.
2. At a minimum, a Party shall provide that solvency matters related to the sale of insurance by cooperatives shall be subject to regulation by the authorities described in paragraph 1.
3. To the extent that a Party does not follow the principles set out in paragraph 1, its regulation of insurance services supplied by a cooperative should not provide the cooperative a competitive advantage over other private suppliers of like insurance services in the Party's territory.
4. For the purposes of this Article, a "cooperative" means an entity in a Party's territory that:
 - (a) underwrites and sells insurance only to its members and is owned in whole or in part by its members, or an organization consisting of multiple such entities; and
 - (b) is among the largest suppliers of either life insurance or of non-life insurance, as measured by premium income, that account for 75 percent of total premium income from life insurance or of non-life insurance in a Party's territory.

US proposed alternative to subparagraph 4(b):

Has premium income from either life insurance or non-life insurance that ranks the supplier among the suppliers whose premium incomes from such insurance in a Party's territory are the largest, and together account for 75 percent of the total premium income from such insurance in a Party's territory.

5. This Article does not apply to taxation measures.]
